## Automatic Pool Cleaner for Above-Ground Pools

With Dave in your pool, you'll never have to worry about dirt.

Diver Dave® provides you with easy, trouble-free operation. You never need to empty or replace debris bags. And because Diver Dave works with your existing filtration system, no extra energy-consuming booster pump is required. Everything for simple, 10-minute-or-less installation is included – even the hoses.

This guy swims in the right circles.

Plus, Diver Dave improves water circulation by acting as a moving main drain, pulling water from the bottom of your pool as it moves. Your water circulates and your pool stays cleaner – without the overuse of chemical sanitizers.

He comes from a good family.

As part of a complete family of superior quality products designed to keep your pool at its sparkling best, Diver Dave® is the smart alternative to the drudgery of manual cleaning. And it's from Hayward, the company that engineered automatic pool cleaning technology.

You're going to rave about Diver Dave.

Diver Dave utilizes patented SmartDrive® programmed steering to clean faster and more thoroughly than random cleaners. After you see how effortlessly Diver Dave keeps your pool clean, you'll never see a need to manually clean your pool again.
